The Gold Tide.

Soon after the late war broke out the

ships of gold from California to the

Australia seaports dropped from about thirty

five millions annually to about twenty

millions. All the rest was sent to foreign

countries, or brought East by other conveyance,

so as to escape capture by the rebel

privateers. The tide has again turned, for

we see, by a recent table of shipments, that

\$20,564,895 have been sent, by the California

steamer, to New York within the

present year. The whole amount sent

forward from San Francisco to the Eastern

States from January 1, 1864, to December

20, 1865, is \$377,080,719. Of course, this

is not the whole product for the time

specified. Much of the gold is sent to foreign

countries to pay foreign merchandise and to

settle exchanges, and a vast deal more is

sent East by other modes than regular ship-

ment by the steamers. In a recent work

published at San Francisco, the whole gold

product of the Pacific country since 1849

is set down at \$750,000,000.

and hangs flabby and loose, like a wilted

half of his person. How long before it

asserts its power over the whole, time alone

must determine.—*Gen. Eng.*

Wiernman, Esq., Judges of the Courts of Common Pleas, and Justices of the Courts of Oyer and Terminer, and General Jail Delivery, for the trial of all capital and other offenses in the County of Adams—have issued their precept, bearing date the 23d day of November, in the year of our Lord one thousand eight hundred and sixty-five, and to me directed, for holding a Court of Common Pleas, and General Quarter Sessions of the Peace, and General Jail Delivery and Court of Oyer and Terminer, at Gettysburg, on Monday the 15th day of January, 1866.

STOCK THAT PAYS DIVIDENDS IN GOLD.

THE MOUNT VISTA

Gold & Silver Mining Company

PAYS DIVIDENDS IN GOLD ON ITS CAPITAL STOCK.

THIS Company's claim consists of 2,600 feet on Detroit Ledge, Buena Vista Mining District, Humboldt County, Nevada, and joins the corporation line of Unionville, the county seat of Humboldt County. It is one of the richest claims in the country, and when fully developed will yield equal to the best paying mines on the Pacific coast. Those claims have been thoroughly tested have paid to the stockholders immense fortunes, among which we might mention the GOULD & CURRY, the Hale & Norcross, and several others, whose stock to day commands a high price in the market. We have a valuable claim and our stock, and undoubtedly will in a short time, command a premium. Work was commenced on the claim over a year ago, and since that time we have been energetically pushing forward, until now we are enabled to pay our stockholders stock in gold. The Alta Californian, in speaking of Nevada, says:

"The Virginia District is now the greatest and most productive mining district in the world. We do not say the richest, for many others have richer and more abundant ores." (Meaning the Humboldt region.) "But the advantages which others have in the quantity and quality of the ore, and the cheapness and abundance of labor, in the established character of the lodes, and the inherited experience of centuries, are more than compensated by the superior machinery, intelligence, enterprise and industry. No other silver mine now produces so much silver annually as the Comstock Lode, nor does any entire district equal it."—Guanajuato, Zacatecas, Sonora, San Luis Potosi, Calaveras, Durango, Cerro Pasco, Potosi, and Copiapo, are the principal silver districts of Spanish America, and not one of them now produces more than \$2,000,000 annually. The Virginia District produces at least \$12,000,000, and Gould & Curry alone \$5,000,000. Potosi, at one time, produced \$10,000,000, and many of the Mexican mines have, for short periods, run up to \$4,000,000 or \$5,000,000, but then they had immense beds of ore, worth from \$5,000 to \$30,000 per ton. Wherever any mine has yielded one-third as much as the Gould & Curry, the ore has been three times as rich."

It is useless to say more on this subject, let those who have money to invest give it a thought.

Certificate of the Recorder of Humboldt Co., Territory of NEVADA, ss.

HICKMAN, Recorder of Buena Vista Mining District and Notary Public in and for Humboldt Co., hereby certify that the MOUNT VISTA GOLD AND SILVER MINING COMPANY'S title to two thousand six hundred feet of mining property on the Detroit Ledge is perfect, having been decided to said Company by the original locators as shown by the Records of this County.

GETTYSBURG:

Tuesday, January 9, 1866.

Both branches of the Legislature adjourned on Wednesday last until Wednesday the 10th, (to-morrow).

Cold Weather.
Yesterday morning was the coldest of the season. The mercury was 10 degrees below zero!

Horses Stolen.
Two valuable horses were stolen in Strasburg township on Friday night last—one from Capt. Henry Witmore, and the other from Mr. George Lower.

The remark by a town paper, that the report of the hog cholera at New Oxford was exaggerated, is contradicted by the Hanover Spectator, who says that his information of its prevalence there was from a source that cannot be impeached.

Wm. McCloud, in jail for passing a counterfeit \$10 Government note on the gatekeeper at New Oxford, was visited the other day, by Mr. King, residing on the York pike below Abbotstown, and recognized as the same individual who passed a similar counterfeit upon him. McCloud will doubtless, in accordance with an Act of Congress, be tried in a United States Court.

Death of Two Citizens.
During the past week, we have lost two of our old residents of Gettysburg—A. B. Kurtz, Esq., and Mr. Jacob Culp. Mr. Kurtz died on Tuesday last, and Mr. Culp on Friday—both after a long illness. Both were followed to their resting-place in Ever Green Cemetery, accompanied by numerous relatives, the Beneficial Association, and Odd Fellows, of which Societies both were members.

Mr. Kurtz was always an active and respected member of our community, and was at one time Prothonotary of the County. Mr. Culp also passed a long life, respected by those who knew him. He has been for several years, and until lately, Steward of the Alms house. Mr. Kurtz was aged 68 years and 8 months; Mr. Culp 68 years 10 months and 28 days.

School House Burnt.
The fine new brick School House at Mummaburg—among the best in the county—was destroyed by fire on Monday morning week about day-break. Cause, not ascertained.

A Card.
The Carriers of the "Sentinel" return their hearty thanks to the public for their very generous and liberal contributions on New Year's day, and wish them many a happy anniversary of that day.

Accidental Death.
Mr. Samuel Glass, of Huntingdon township, this county, came to his death very suddenly, week before last. He and three others were returning, in the night, from Carlisle, and when within four miles of Petersburg, the wagon in which they were riding nearly upset in crossing a gutter, throwing Mr. Glass out and a sack of salt upon him causing his death instantly. We understand that an inquest was held upon the body, and a verdict found in accordance with these facts.

The Shooting of Young Hamilton.
We have learned but few additional facts in regard to the shooting of young HAMILTON, which occurred at Graefenberg Springs, on Friday week. We have been informed that HAMILTON had served 4 years in the Federal army, and was not a deserter from the Rebel army, as we stated last week. Young HOSKINS, who shot him, has been arrested, and will be held for his appearance at court. There seem to be several versions to this tragic affair, and we forbear comment until the matter has undergone judicial investigation.

On Wednesday last, Dr. O'Neil, of this place, made a post mortem examination of young Hamilton, who came to his death at Graefenberg Springs' Hotel, on the 22nd ult., from a musket ball fired by young Hostetter. The body had been interred at the Furnace, and was taken up for this autopsy. The Doctor found a bruise on the head, but the skull bones and brains were uninjured; whilst the femoral artery and vein, (in the thigh) were both severed, from which death must necessarily have resulted in a short time. Young Hostetter is in jail.

A New Year's Gift.
Rev. D. T. CARNAHAN, pastor of the Presbyterian church in this place, received through the Post office on New Year's day, a purse of one hundred dollars, from the gentlemen of his congregation, as a token of respect, and the esteem in which he is held. Aside from the substantial character of the gift, (which should be a consideration in times like these) it must be gratifying to Mr. CARNAHAN to know that his services are appreciated.

Donation Party.
Rev. Mr. BREIDENBACH, pastor of the St. James Lutheran church, in this place, and his family, were agreeably surprised on New Year's evening, by receiving a visit from a large number of ladies and gentlemen of his congregation—each one bearing with them some handsome and substantial gift. We will not attempt to enumerate the articles. It is enough to know that they were numerous, and of such a character as to gladden the hearts of the worthy pastor and his family. What makes the incident the more pleasing is the fact that the whole affair was a complete surprise.

An election was held on the 1st of January, for officers of the Adams county Agricultural Society, for the ensuing year. The following persons were chosen:

President—John Burkholder.
Vice-Presidents—Elijah Wright, Geo. Peters, Managers—Eliza Kuntze, William Walley, Samuel Meals, Henry Eppelman, H. J. Stahl, Secretary—Wm. B. Wilson.
Corr. Secretary—Cyrus Grief.
Treasurer—Jonas Kuntze.
The Lodges of Free and Accepted Masons, the Odd Fellows, and the Red Men, of this place, have had quite an interesting time at their several fairs, in the last few days. Each Order had their splendid entertainments, of the delicacies of the season. With the Masons, the Ladies participated; and enjoyed themselves very much. We understand the assemblages of the other Orders were of the most pleasing character.

We regret to learn that Judge Watts, of Carlisle, had his left arm broken on Wednesday last, by a kick from a mule.

One of Maryland's Great Men Dead.
The Hon. HENRY WINTER DAVIS, of Baltimore, died, on Dec. 30, after a few days' illness, of pneumonia. He was perfectly well on Christmas day, and in making calls on that day contracted a cold which terminated his earthly career. He was a highly gifted man, a finished scholar, and an exemplary Christian. Few men possessed such an array of talents as a clear-headed politician, and a gift of oratory which few men possess. He took at once the fore ground of loyal action in Maryland, and by his splendid efforts, and those of Gov. Hicks, that State preserved her integrity to the Union, saved it from secession, and Pennsylvania from being the battle-ground of the late terrific war. Both States owe a debt of gratitude to those men, which they should never forget to pay. He was born in 1817, at Annapolis, and graduated at Hampden Sidney College, Va. He at once took a high stand at the Bar and in Congress, and has left behind him a reputation which few men possess.

The State Senator.
It was announced, a few weeks ago, that the soldiers of the 77th Regiment, then in Texas, had voted on the proper day, and had given sufficient Union majority to elect Mr. McConaughy for Senator, and Mr. Rowe for District Attorney of Franklin county. It has been ascertained, since, that the concern was a bogus affair; at least it requires some explanation, the whole returns presenting that appearance, so far as we can learn.

The candidates, Messrs. McConaughy and Rowe know nothing of the matter, and will, of course, at once wash their hands of the affair; but somebody did it, and that somebody should be ferreted out, no matter who he may be. It is very evident that the object was to throw the appearance of fraud upon the Union party, and their candidates, with the view of doing them injury in the contest they intend to make on other grounds.

The Contested Seat.
Mr. McConaughy has contested the election of Mr. Duncan for a seat in the Senate of this State, we presume on the ground of frauds at the election. On Wednesday last, the Senate proceeded to draw a committee in the contested seat—which resulted in the choice of Messrs. Worthington, Biglum, Graham, Shoemaker, Landon, Montgomery, and Lowry. They were then sworn in. Hon. John C. Kunkel, of Harrisburg, is the counsel for Mr. McConaughy; and J. McDowell Sharpe, Esq., of Chambersburg, for Mr. Duncan.

Pennsylvania Legislature.
Both branches of the Legislature assembled at Harrisburg on Tuesday last, and a quorum appearing in both, were organized. Hon. David Fleming, of Dauphin, was elected Speaker of the Senate, and Geo. W. Hamersly, of Philadelphia, Clerk. In the House, Hon. James R. Kelley, of Washington, was elected Speaker, and A. W. Benedict, Esq., of Huntingdon, Clerk.

On Wednesday, the other officers of both Houses were chosen. A short message from the Governor was received, which will be found in another part of our paper; and both branches then adjourned until Wednesday the 10th (to-morrow).

The "FRANKLIN REPOSITORY" entered its seventy-third year on Wednesday last, and has taken the occasion to enlarge its columns considerably. It has always been a highly respectable paper, and now enjoys an increased patronage, and presents an appearance and character well worthy of its long fame. The father of the Editor of the "Sentinel" was its editor in the close of the last century, and his uncle for many years afterwards. In those who succeeded them, it lost none of its high reputation as a journal, and now is in the first rank of weeklies. We wish the old "Repository" great success.

Both Houses of Congress re-assembled on Friday last, and after the transaction of some business adjourned until Monday. Among the resolutions adopted in the House of Representatives, was one instructing the Committee on the Judiciary to inquire whether any further legislation is necessary for the suppression of the abominable system of polygamy which is now rampant in Utah.

The first Presbyterian Church of Pittsburgh, has given a unanimous call to the Rev. SYLVESTER F. SCHOFIELD, of Springfield, Ohio. Rev. W. M. PAXTON, D. D., recently pastor of that church, has been called to the pastorate of the first Presbyterian Church of New York city.

A Chance for Builders.
All the buildings at Camp Curtin, Harrisburg, are to be sold on the 19th, at public auction. They consist of store-houses, hospitals, barracks, &c., twenty in number, besides a fence nearly 2,000 feet in length, and 8 feet high. This is the last sale of Government buildings there.

A Handsome Income.
It is stated at the U. S. Treasury, that at our present rate of income the National debt may be easily reduced one hundred millions of dollars the present year, after providing for all current and contingent liabilities.

A Whole Family Lost.
During a heavy gale, on the Mosquito Coast, Capt. Wm. Thompson, formerly of Baltimore, was drowned, in the 42d year of his age; also, his wife Eliza, in her 36th year; and their four children: Ada, aged 7; Emma, aged 5; Helen, aged 3; and Edward, aged 13 months.

Secretary Seward and his daughter, with his son Frederick and wife, have been for the last ten days on a sailing trip through the West Indies for the benefit of their health. They sail in the National steamer De Soto.

The Gettysburg National Bank, on Tuesday last, declared an extra dividend of fifty per cent. on the capital stock, out of a surplus fund. This dividend is free of all taxation, and is payable to stockholders in United States 7-30 Treasury Notes at par. We question whether there is another Bank in the country that can show a record equal to this.

Lieut. Isaac Bucher has purchased a property, of 54 acres, with improvements, in Franklin township, from Henry Speck, for \$3,000 cash.

John Felix, Sr., has sold his farm in Mount-pleasant township, to Michael Fink—\$8 1-2 acres, for \$2,500 cash.

The Rev. JOHN K. PUTT has received a call from the Lutheran Congregation of Greensburg, Pa., lately under the pastoral care of Rev. Mr. GARVER, and has accepted the same.

Seven colored churches were burned in Maryland during the war by malicious rebels, and efforts are being made to rebuild them.

GOVERNOR'S MESSAGE.
To the Senate and House of Representatives of the Commonwealth of Pennsylvania.

GENTLEMEN:—The toils and anxieties of the last four years have from time to time brought on me severe attacks of disease. From the most severe of these I am now slowly struggling towards recovery. I find that to give my constitution an opportunity to continue this struggle, it is absolutely necessary that I should, without delay, make a short sea voyage, and sojourn in a milder climate. Under the pressure of this necessity I go to the Island of Cuba. It is my hope and intention to return in good season to welcome you on your arrival at the seat of government. But, if it should be found indispensable that my visit to Cuba should be prolonged to the early part of February, this message will serve to lay before you the cause of my absence at the commencement of your session. In this case I feel sure that you will adopt such course as shall consist with your wisdom, and with the affectionate consideration which I have always received at your hands.

It would, however, not become me to forget that the issues of life are in the hands of the One above all, and that many have found death waiting for them on the foreign shore to which they had been sent in search of health. Should such be my fate, I shall draw my last breath with a sense of deep gratitude to the people of the Commonwealth and their Representatives for the cheerful, manly, unflinching support which they have given during the last four years to the great cause of the right, and to me in my efforts to maintain it, and with a prayer of thankfulness to Almighty God, that He strengthen me till the end of the cruel rebellion, and thought me worthy to be permitted to continue to that time as the Chief Magistrate of the people of Pennsylvania. To have my name connected in that relation with such a people during such a time, ought to be enough to fill the highest measure of any man's ambition.

ANDREW G. CURTIN.
EXECUTIVE CHAMBER,
Harrisburg, Nov. 27, 1865.

Frauds on Soldiers.
To prevent shameful extortions on the part of unscrupulous agents for discharged soldiers, it has been found necessary by the Paymaster General to order that all drafts be issued to the order of the claimants, and that the same shall not be paid by the depositors upon whom drawn without the suitable endorsement of the party—not in any case his endorsement by an attorney.

Important Treasury Decision.
The Secretary of the Treasury some days ago received an application from a Western national bank, asking that the deposits of Government disbursing officers be exempt from taxation. The matter having been referred to General Spauler, he gave an opinion to-day that the deposits of the disbursing officers of the United States with national banks designated as depositories, are subject to tax like other deposits that are subject to taxation. The ground upon which he bases this, is that the banks have the benefit of such deposits, the same as individual deposits, and therefore ought to be taxed in the same manner.

Dr. William A. Hammond, late Surgeon General of the United States, has gone to Europe in charge of a grandson of the late John Jacob Astor; and a gossiping correspondent says that he receives for his services \$10,000 in gold for six months, all traveling and subsistence expenses liberally paid, and \$3,000 for each month occupied beyond the six.

THE NEW KING OF BELGIUM.—Leopold II., the new King of the Belgians, is thirty years old. His name is Leopold Louis Philippe Marie Victor. He has been for nine years a member of the Senate, and has participated in the debates of that body. He has advocated measures looking to the commercial prosperity of the nation. It is reported that he is not only an ardent Roman Catholic, but that he is under the influence of the Ultramontane priests of that Church. He married, when he was eighteen years old, Marie Henrietta Anna, Archduchess of Austria, daughter of the late Archduke John, Palatine of Hungary. They have three children—two girls and a boy.

Prohibition of the Importation of Cattle.
NEW YORK, January 2.—The Herald has the following from Toronto: "To day Consul Thurston received instructions that the Government of the U. S. States will not permit any more cattle to enter the United States from Canada. This prohibition creates an intense feeling, not only among the Canadians shut out from American markets, but among the United States traders. By Americans now purchasing in that market, it is estimated that \$40,000 worth of live stock already purchased in the neighborhood will be thus cut off from the market for which they were intended."

The statement that General Lee has not made application for pardon is erroneous. As long as September last he addressed a communication to General Grant upon the subject, who sent it at once to President Johnson, who still has it under consideration.

A report is current at Chicago, that a prominent railroad officer, understood to be Hon. W. B. Ogden, President of the Northwestern Railroad, who had inherited large sums in the Nevada silver mines, has received his first dividend in the shape of a ton of silver, valued at \$45,000, to \$50,000, based on the present value of greenbacks.

It is said that the negroes in the vicinity of Lynchburg, Virginia, are seemingly getting rid of their reluctance to enter into labor contracts with their late masters, and that within the last few days many more have made engagements to go into the country as farm laborers than has been the case before since the close of the war.

Music.
Horace Waters, 481 Broadway, N. Y., is one of the most successful and tasteful publishers of Music in the country—having always on hand the choicest pieces, and daily living new before the musical world. We have just received from him the following, which "our folks" say are very "pretty":—"The new Sparkling Polka;" "Give me honest friends and true;" "Thou art dreaming;" "Moonlight and Starlight;" and "Jesse Lee."

Bad News from Texas.
[From the Washington Republican.]
From the most reliable authority we learn to-day that the Union army in Texas is becoming considerably demoralized. The same evil that occasioned the defeat of General Wright, in the Valley, is reported to be the cause of the demoralization referred to. We have seen in the hands of the proper authorities a statement signed by over thirty officers under the command of a Major General who has distinguished himself as a cavalry officer under Sheridan, to the effect that at a public meeting in Texas a Judge Hancock, an ex-Rebel, made a reasonable speech, and that the Major General aforesaid, who was drunk, followed and endorsed all that Hancock said, &c., &c.

The story, as we heard it read, is too sickening and too strong to leave a doubt as to the truth of the statement, and the only excuse that can be offered is drunkenness. The charges will be investigated without delay. The petitioners consider themselves disgraced by being under such a commander, and ask to have him relieved and court-martialed.

No portion of the Union army should be allowed to remain in the command of a man against whom such grave charges are brought. It is alike due to the gallant officers and men, under him as well as to the General himself, that he be forthwith relieved and the allegations be investigated.

THE SUFFERINGS ON THE PLAINS.—Soldiers Frozen.—A letter dated St. Joseph, Mo., December 29th, says:

"Later intelligence from the Plains confirms previous reports of great suffering. The 10th U. S. Infantry were caught near Ellsworth, on their march in, and about seventy soldiers were so badly frozen that it became necessary to place them in hospital. The 27th Wisconsin, also coming in, encountered the storm near Junction City, and about thirty, including Col. Wells, were severely frozen and left in hospital. The road is badly blocked with snow drifts beyond Fort Kearney."

A gentleman just returned to New Orleans, from Arkansas, reports that State to be in an unsettled, disorganized condition. In many parts of the country the inhabitants are actually threatened with famine. Life and property are everywhere insecure, and murders and robberies are of almost everyday occurrence. No one thinks of travelling unarmed, the people making use of muskets, shot guns, &c., where no better weapons are to be found. He had gone to that State to live, but the condition of the country and society was such as to induce him to abandon the idea.

Advices from Vera Cruz to the 28th ultimo have been received. The Imperialists claim to have gained another victory over the Republicans, under Porfirio Diaz, on the 4th ultimo, near Comitlan, in which the famous leader, Thomas Sanchez, was killed. It is reported that Maximilian's Minister of Foreign Affairs recently stated that the only hope of the Imperial Government rests on the success of its loan in the London market.

NEW YORK, January 4.—Advices from Hayti to December 24 confirm the reported bombardment of Cape Haytien and the rout of the rebels. The place was seriously damaged. All the foreigners in the town took refuge in the American war vessels. A number of prominent rebels found in the house of the British Consul were captured and shot.

Another earthquake shock was felt at Porto Rico at midnight, December 10, but did no serious damage.

A CASE OF CONSCIENCE AND THE TEST-OATH.—A clergyman, writing from Texas to the Post-office Department concerning a contract for carrying the mails, says he contributed in no way to the Confederate cause, except to pray for its success, and is in doubt whether, on that account, he can conscientiously take the test oath; "but," he adds, "as my prayers were not answered, I think they should not be considered as 'aid and comfort' given to the enemy."

The number of postage stamps made by the National Bank Note Company the past year was about four hundred millions. The number of three cent stamps used is about one million a day. The cost of printing, perforating, gumming and packing the stamps is twelve cents a thousand.

ACCIDENT TO BISHOP CLARKSON.—A despatch dated Chicago, December 27th, says: "Dr. Clarkson, Bishop of Nebraska, met with a very serious accident a few days ago. While on his way from Council Bluffs to Boonsboro, Iowa, the stage in which he was riding upset, dislocating his shoulder and breaking his collar bone. He arrived at his home in this city yesterday, and is recovering rapidly."

THE INTERNAL REVENUE RECEIPTS.—Since the first of January are unusually large. Thursday they were \$4,250,000, and Friday \$1,800,000. The Commissioner attributes it, in a measure, to the efficiency and promptness of the Assessors and Collectors, who have been recently reminded that their respective departments must be attended to more promptly.

General Palmer addressed four thousand colored persons in Louisville on Tuesday. He said that, in the nature of things, for years to come the colored people of this country must be laborers, but their interests and the interests of white labor will be identical. He urged upon his hearers industry and thrift in the cultivation of the land, and good feeling towards all, as a true solution of all questions between the races.

Advices from Arizona state that Mexican refugees were assembling there in large numbers, preparatory to marching into Sonora. The Apaches and Comanche Indians had plundered the merchants of Sonora, Mexico, in a merciless manner. Four Indian tribes were preparing an expedition against the Apaches. At Prescott City and other places in the Territory the roads were so blockaded with snow as to seriously cut off the supplies and even threaten starvation.

WASHINGTON, January 5.—Information has been received here that the headquarters of the Liberals or National forces of Mexico are twenty two leagues from Vera Cruz. In the six Eastern States the Imperialists only occupy the military positions from Vera Cruz to Mexico, and to the city of Oaxaca.

Serious Accident at Mechanicsburg.
On Saturday the 23d ult., a serious accident occurred at Mechanicsburg, Cumberland county, resulting in the injury of some twenty three persons. A public sale was being held in the Cabinet Shop belonging to Mr. Samuel Worst, an old and respectable citizen, when the floor of the second story, where the crowd had assembled, gave way, precipitating them on the floor below. Some of them had their legs broken, others their ankles dislocated, their ribs fractured, and their heads cut and bruised in a painful manner. The "Cumberland Valley Journal," of the 28th ult., gives the following result of the accident:

George Stinehour, compound comminuted fracture of the thigh; Jos. Leas, Esq. (clerk of sale) right leg broken below the knee, both ankles dislocated, and legs bruised; W. C. Houser, (auctioneer) head and face cut and arm bruised; David Sponler, rib fractured, and severely bruised; Samuel Worst, bruised; Christian Titzel, legs bruised; Henry Sadler, face severely cut; F. Wonderly, ankle sprained. Thos. Mauk, Shiremanstown, head and neck cut, and leg bruised; Wm. Brandt, Churchtown, ankle sprained; George Titzel, Lower Allen township, rib broken and bruised; D. L. The coroner's inquest on the bodies of Rosa and Francis Gughay, who came to their death by suffocation caused by the fumes of coal gas from a stove, on Saturday night, was concluded in New York on Tuesday. It appears from the evidence offered at the inquest that the premises No. 597 Grand street were being improved, and the apartments occupied by the Gughay family were required to complete such improvements. Edwin B. Hunt, the agent, visited the family to "move," but they declined doing so. Finding persuasion of no avail, he ordered a mason to stop up their due with a stone, at the same time warning them of the fact. The smoke and gas from the stove being unable to pass up the chimney, accumulated in the room occupied by the deceased, causing their deaths. The jury brought in a verdict holding Hunt responsible for the deaths of these two persons, and he will be held to await the action of the Grand Jury.

Meeting of New Hampshire Republicans.
Nomination of Governor.

CONCORD, January 3.—The Republican State Convention to day unanimously nominated Frederick Smith for Governor, and Lieut. Col. Geo. D. Savage for Railroad Commissioner, on the first ballot.

[SECOND DESPATCH.]
CONCORD, January 3.—In the Republican State Convention to day a resolution was adopted recognizing in Andrew Johnson a just citizen, sincere patriot and distinguished statesman, and declaring that the tone and temper of his recent annual Message to Congress meets our warm approval and augurs well for the success of his Administration; that we pledge him our hearty confidence and support in all his efforts to restore harmony and mutual trust between different sections of the Union upon the principles of universal liberty and exact justice to all.

Another resolution declares that the scheme to plant, by foreign bayonets, an Austrian despotism in Mexico had its origin in undisguised hostility to the United States, and is a standing insult to our power and a menace to our republican institutions.

Hon. George G. Fogg presided over the convention, which was largely attended and harmonious throughout.

The Norristown Herald and Republican says, that Col. W. V. A. Davis, of the Doylestown Democrat, having failed in the canvass for Auditor General, has had his name painted on the stern of a Delaware canal boat!
